

**FINAL ABSTRACT OF SKILLS WEB**  
**EVENT NAME:- SKILLS WEB**

**ROUND 1:-[LOGICAL SKILLS SET] and  
[COMMUNICATION SKILLS SET]**

*Firstly, we have five slides and from each slide they need to pick a picture or number whatever present and questions lie behind the picture they select. All the slides have different themes like riddles, brands-logos and tagline ,Companies related questions. They need to answer the questions behind the pictures and score will be given. Based on their score they will be selected to the next level. This is an individual task.*

*We take the person to the Dias and ask him to select among five topics we give and while he is speaking we would give him around five slips and they need to include the words in the slip in the topic they are speaking.*

*Based on that score they are selected for next round. This is an individual task .*

**ROUND 2:-CREATIVE SKILLSET**

*We give them an A4 sheet and a topic which they need to give a creative tagline and tell us what is so special about that and need to advertise it creatively on anyway they need. They will be provided with A4 sheets and sketch pens and other requirements. Among them around 10 members are shortlisted. This task will be performed by a group of 3 persons. The group of 3 will be made by us.*

### **ROUND 3:- TECHNICAL ROUND**

*We teach them few HTML basic things and monitor them if they have any doubts for 10-20 mins and then we give them different topics to create web-page and finally shortlist whose web page is smart and creative.This will be performed by individual people.*
